POUNDS SAVED FROM LANDFILL

"Our new lab in Pediatric Rheumatology was able to take advantage of resources that would have cost us hundreds of dollars and time to source out.

We were able to implement new techniques and expand experimental workflows with some of the equipment.

Big credit and a huge thank you to all organizers, volunteers and participating labs. We would love to see these types of events in the future!"

-Maria Beamer

LOCATION	POUNDS REHOMED	REHOMED ITEM VALUE
BSRB SEMINAR ROOMS	587	\$9,400
NCRC DOCK 90	254	\$7,700
